Transactions Volume 2

Growth in population accounted for 8 percent, and real expense per capita intensity accounted for the remaining 26 percent of increases in spending. Among them, again is the most loathsome species of the vain, the lying abortions, who make a point of representing 'beautiful souls,' and perchance of bringing to the market as 'purity of the heart' their distorted sensualism swathed in verses and other bandages; the species of 'self-comforters' and masturbators of their own souls.
